TRUFLIGHT THEATER

Key Ride Features

▶ Real Flight Reveal

- Only flying theater on the market where guests are pulled forward and swooped up into the media from a flat loading position.
- Expert in-house show programming brings the theater to life with perfect synchronization.

▶ Unique Axis of Motion

- Primary Heave • Roll
- Secondary Heave • Pitch

▶ Designed for Guests and Owners

- One level loading requires less operators and infrastructure.
- Easy and comfortable loading for guests with mobility needs.
- Quiet theater system allows for maximum immersion.

▶ Unparalleled Motions

- Primary "bottom-up" configuration swoops the guests forward and up into show position.
- Alternative "top-down" configuration drops the guests for dynamic falling sensation.
- Rail profile can be uniquely shaped based on a customer's specified ride path.
- Capable of flutter and turbulence.
- Roll accentuates on screen motion.

▶ Immersive Effects

- Wind • Fog
- Seat Vibration • Onboard Audio
- 3 Different Scents • Never-before-seen motion combinations
- Water Mist
